

Learning Outcomes for the English Language Upper Primary Stage

Introduction

Language learning progresses naturally with exposure to and use of language in meaningful contexts. The learner needs to notice and use language in and outside the classroom in order to become a proficient user of language. English language is taught and learnt as a second language in varied contexts and resources (textbooks and other supplementary materials), the English language environment in the school and so on. Language learning is meaningful when it is connected with the immediate environment of children. The activities/tasks in the textbook and the tasks carried out by the teacher need to take into consideration the lived-in experiences of learners. The English language learning outcomes are intended to be achieved by every child so as to enable them to be proficient users of language in real life situations. Broadly, the goals of language learning which could be achieved include: attainment of basic proficiency in language for effective communication and development of language for knowledge acquisition, i.e. using language as a tool for learning the content subjects. However the teacher should have flexibility and consider the pace of learning of children as well as their opportunities of learning English at home and in school.

The learning outcomes are listed are not restrictive or limited; they are the launching pads for developing skills and competencies in learners of the English language in classes VI, VII and VIII. Teachers may add activities to achieve the outcomes. Pedagogical Processes are also given along with the Learning Outcomes to emphasise the process of learning, and active participation of learners. The suggested activities/exercises are to scaffold the process of language acquisition. This is mainly to support teachers in creating learning opportunities for learners.

The teacher should observe children for assessment when they are engaged in activities, keeping in mind differently-abled children as well. Assessment should be an integral part of the teaching-learning process and not a year-end examination only.

Curricular Expectations

Children are expected to:

- acquire the ability to listen and respond orally and in writing /Lip reads where necessary
- speak about self, simple experiences; report events to peers, accurately and appropriately make connections and draw inferences
- recite poems, dialogues; speak and write language chunks (phrases, sentences from stories, plays, speeches, etc.)
- understand the central idea and locate details in the text (familiar and unfamiliar)
- use his/her critical/thinking faculty to read between the lines and go beyond the text
- comprehend and uses the form and functions of grammar in context
- write coherently and with a sense of audience (formal and informal)
- write simple messages, invitations, short paragraphs, letter (formal and informal), applications, personal diary, dialogue from story and story from a dialogue/ conversation in English and in Braille
- engage in creative writing e.g. composition of poems, jokes, short stories, etc.
- develop sensitivity towards their culture and heritage, aspects of contemporary life, gender and social inequality
